

Wage: \$9.51

GLACIER PARK SHUTTLE & TRANSIT CENTER MAINTENANCE

NATURE OF WORK:

The maintenance person will clean and check buses either at the end or beginning of a shift. While buses are on the road, the maintenance person will keep the Transit Center clean.

Work is reviewed for adherence to highest cleaning standards by inspection and feedback from drivers. This work involves extensive cleaning of public buses and the Transit Center.

EXAMPLES OF DUTIES:

- Ensure the buses/vans are clean before or at the end of each day
- Pre-check the buses/vans to ensure they are in running condition; checking fluid levels, general condition of vehicles and cleaning each one
- While buses/vans are on the road, position cleans and re-supplies the Transit Center several times per day as scheduled by the supervisor
- The Transit Center consists of a visitor area, offices and public bathrooms
- Perform related work as assigned

SELECTION FACTORS:

Knowledge of:

- Basic operation of motor vehicles
- Standards of cleanliness for public vehicles, facilities and restrooms

Ability to:

- deal with the public in a pleasant and courteous manner
- to learn how to clean and pre-check a bus or van before putting into service
- to learn how to properly clean and maintain a public facility
